Professional Evaluations – In signing this application, the Professional consents to the evaluation of its performance by the Department and understands that any such evaluation may be used in future selections of Professionals. Furthermore, the Professional’s Consultants will also be evaluated. The Professional is required to notify each of its Consultants that, in contracting with the Professional, the Consultant consents to the Department’s evaluation of the Consultant and to the use of any such evaluation in future selections of Professionals.

Additional Services – Indoor Air Quality Assessment Program and Hazardous Materials – The Professional firm selected to design a project will be expected to perform and administer, when required by the Department as Additional Services, an Indoor Air Quality Assessment Program during Building or Renovation Commissioning and the sampling, testing, inspection, and monitoring for removal of any asbestos, other hazardous waste or contaminants encountered during project design or construction, unless otherwise stated in the Scope of Work.
